**How the World Worships** FPP0045

Readers will learn about the core teachings and beliefs of the world's most widely practiced religions through the lens of two different perspectives, one from the United States and the other from another country where the religion is predominant and dive deep into the important figures, sacred texts, holidays and commandments. This narrative nonfiction series uses considerate text that is written at a higher maturity level with a lower reading level to engage and accommodate struggling readers. Includes sidebars that are aligned with the Common Core Standards, a comprehensive timeline and activity. A table of contents, glossary with simplified definitions and pronunciations and index are also included.

New Series! History's Famous Feuds ENS1708

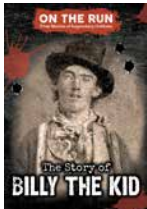

History is full of stories of rivals. From Alexander Hamilton and Aaron Burr to Al Capone and Eliot Ness, these stories sound more like a movie than real life at times! This set explores the intertwined biography of the people involved in the most famous feuds of history, covering historical periods from the American Revolution to World War II. The main text offers both viewpoints of the conflict as well as the surrounding historical context, all of which supports social studies curricula. Historical images and full-color photographs invite readers into the time period.

New Series! A Look at Primary Sources - Hi-Lo GS2190

One of the best ways to engage with history is to consult the writing or work of those who lived before us. We not only learn about the historical period a source was written or made in but also learn from the time—how to avoid past mistakes, how innovations occurred and more. In this set for struggling readers or those in need of review, the main content explores primary sources: letters, artwork, poems, autobiographies, newspapers and photographs. Each volume describes the ways primary sources can be of use to readers today as well as gives historical and modern examples of each.

New Series! The Young Adult Drug Library MAS1452

Drug abuse is a major problem around the world. Abusing or otherwise misusing drugs can have serious effects on one's physical and mental health and it can also be deadly. On the other hand, drugs such as marijuana, alcohol, caffeine and prescription painkillers can provide health benefits if not misused. Each title in the Young Adult Drug Library series spotlights a major drug or type of drug (such as painkillers) and discusses the negative physical and mental effects if they are abused or misused and the potential benefits of their use (for certain legal drugs). It also provides an overview of treatment strategies for those who become addicted. The series also includes Facts & Figures, a title that provides readers with the "big picture" regarding drugs, including their pros and cons; how they are made, distributed, sold and used; why they are abused or misused; and treatment options for those who become addicted. Stories of those who are battling drug addiction are also featured in order to humanize these issues and to help readers better understand that anyone can misuse or become addicted to drugs, but also that recovery is possible.

New Series! Rosen Verified: The Bill of Rights - Hi-Lo Series RSN1497 

Throughout much of its history, the United States of America has been considered the leader of the free world. Many of the everyday liberties people often take for granted are protected by the Constitution's Bill of Rights. From freedom of speech, guaranteed in the First Amendment, to a reasonable right to privacy, outlined in the Fourth Amendment, the first ten amendments to the Constitution are the foundation on which this country's legal system is built. Few young people are interested in constitutional law, but everyone should know their rights. This series takes a closer look at basic American freedoms, using accessible text and eye-catching graphics to keep readers interested in a complex topic.
