

eBook QR Card Instructions

Congratulations! You've received eBook QR Cards for your institution that provides unlimited simultaneous access to eBooks without a need for usernames and passwords. With Gumdrop Scan-N-Go Discovery, opening an eBook has never been so easy!

How They Work:

All a patron needs is a QR card and a device to open an eBook.

- 1) Open up the camera app on a device.
- 2) Hold the device over the QR code to scan it.
- 3) Click on the link that pop ups.

Ideas to Display QR Cards:

- Make copies of QR cards before using them and keep the ones you received from Gumdrop Books as masters.
- Laminate QR cards before using them.
- Create a bulletin board in the library with QR cards.
- Display QR cards on book rack stands.
- Place QR Cards in sheet protectors and put them in a binder that patrons can flip through.
- Tape QR Cards throughout a hallway at a school.
- Tape QR cards to the back of seats on school buses.
